September 19, 2006

Commissioners of the City of Virginia Beach Development Authority 222 Central Park Avenue, Suite 1000 Virginia Beach, VA 23462

Dear Commissioners:

The Audit Report of the City of Virginia Beach Development Authority for the fiscal years ended June 30, 2006 and 2005 is hereby submitted. To the best of our knowledge and belief, the enclosed data is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of the Authority's operations. All disclosures necessary to enable the reader to gain an understanding of the Authority's financial activities have been included.

The audit report is presented in three parts: management's discussion and analysis, the basic financial statements and the notes to financial statements, and other supplemental information. The Authority's financial statements present two types of statements, each with a different perspective of the Authority's finances. The focus is on both the Authority as a whole (entity-wide) as well as on the individual funds. The entity-wide financial statements provide both long-term and short-term information about the Authority's overall financial status. The fund financial statements focus on the individual parts of the Authority, reporting the Authority's operations in more detail than the entity-wide statements. Both perspectives (entity-wide and fund) allow the user to address relevant questions, broaden the basis for comparison (year to year or entity to entity) and enhance the Authority's accountability.

The Virginia Beach Development Authority had another outstanding year in fiscal year 2006, which included the continued construction on the Town Center of Virginia Beach, locating new businesses, locating and expanding existing industry, leveraging the City's Economic Development Investment Program Fund (EDIP), and authorizing Industrial Development Revenue Bond activity.

During fiscal year 2006, the Authority assisted in the location of 40 new companies and the expansion and retention of 46 existing businesses that created new capital investment in excess of \$148 million. These companies and businesses created and retained over 2,100 employment opportunities in Virginia Beach. The Authority authorized the issuance of \$82,000,000 in industrial revenue bonds and provided EDIP assistance in the amount of \$1,880,000 during the fiscal year.

The Authority's primary business parks had a considerable amount of the activity in fiscal year 2006. Within these major business/industrial parks, 15 new businesses located and 20 existing Virginia Beach companies expanded or retained their operations.

Development in Town Center continued in Phases I, II, and III. Phase I construction included the 21-story, 254,000 square-foot, Class "A" Town Center office tower, 93,000 square feet of additional office and retail space, the 176-room Hilton Garden Inn Hotel, the Towne Bank Building, and a 1,284-space structured parking garage. Phase II included the 90,000 square-foot

Cosmopolitan"), 232,500 square feet of retail and office space, and two structured parking garages with a total of 1,430 parking spaces. Phase III includes a new, 37-story, 236-room, 4-Star Westin Hotel with 25,000 sq. ft. of conference facilities and 119 luxury condominiums, 35,000 square feet of high-end retail space, and a structured parking garage with 947 parking spaces. Phase III also includes the construction of the 84,000 square-foot, 1,200-seat, Sandler Performing Arts Center. Completion of Phase III is scheduled for Summer 2007.

The Authority, at its annual workshop on January 10, 2006, established the following areas to strategically focus the board's resources in the upcoming year: (1) Strategic Growth Areas (Land); (2) Finance/Incentives; (3) Marketing; (4) City Council; and the (5) Permitting Process.

The Authority's oversight of its financial affairs has resulted in this strong financial report and the Authority is commended for the policies and practices which have achieved this outcome.

Respectively,

Donald L. Maxwell

Director of the Virginia Beach Department of Economic Development

Mark Wawner

Virginia Beach Department of Economic Development Project Manager

Independent Auditors' Report

The Commissioners City of Virginia Beach Development Authority

We have audited the accompanying financial statements of the governmental activities, the business-type activities, and each major fund of the City of Virginia Beach Development Authority (the "Authority"), a component unit of the City of Virginia Beach, Virginia, as of and for the years ended June 30, 2006 and 2005, which collectively comprise the Authority's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Authority's management. Our responsibility is to express opinions on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, and the *Specifications for Audits of Authorities, Boards, and Commissions*, issued by the Auditor of Public Accounts of the Commonwealth of Virginia. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the basic financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the basic financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the governmental activities, the business-type activities, and each major fund of the Authority as of June 30, 2006 and 2005, and the respective changes in financial position and cash flows, where applicable, thereof for the years then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated July 31, 2006 on our consideration of the Authority's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Management's Discussion and Analysis on pages 3 through 11 is not a required part of the basic financial statements but is supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit this information and express no opinion on it.

Our audits were conducted for the purpose of forming opinions on the financial statements that collectively comprise the Authority's basic financial statements. The information listed as supplementary information in the accompanying table of contents is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Cherry, Bekant . Holland, J. J. P.

Virginia Beach, Virginia July 31, 2006

Management's Discussion and Analysis

This section of the City of Virginia Beach Development Authority's (the Authority) annual financial report represents our discussion and analysis of the Authority's financial performance during the fiscal years ended June 30, 2006 and 2005. Please read it in conjunction with the Authority's financial statements and accompanying notes.

FINANCIAL HIGHLIGHTS

- The Authority's governmental net assets increased by \$0.04 million in fiscal year 2006 and the net results from governmental activities increased by \$12.98 million from fiscal year 2005. The increases in net assets and net results from activities were mainly due to the capitalization of expenses and the absence of large asset transfers that occurred during fiscal year 2005 related to the 31st Street Project. The governmental activities revenue decreased by \$23.95 million in fiscal year 2006 due to the absence of funding received from the City of Virginia Beach to support the 31st Street Project, which was completed during fiscal year 2005.
- The Authority's business-type net assets increased by \$0.57 million in fiscal year 2006 and the net results from activities decreased by \$4.47 million from fiscal year 2005. The increase in net assets was due to revenues exceeding expenses as well as a small asset transfer. The decrease in net results from activities was primarily due to an increase in depreciation expense, and the decrease in contributions from the City of Virginia Beach.
- The Authority provided economic development services, as requested by the Virginia Beach City Council, for the 31st Street Project and the Town Center Project that are accounted for in the Authority's Governmental Fund. When projects or phases of projects are complete, the associated costs are capitalized and transferred out of the Governmental Fund and into the Authority's Proprietary Fund or to the City. During fiscal year 2006 and 2005, \$0.82 million and \$7.50 million of Town Center infrastructure expenses pertaining to Phase I and II were removed from the Governmental Fund. During fiscal year 2005, \$30.25 million of 31st Street Project expenses were removed from the Governmental Fund upon its completion. The Town Center Plaza and the Authority's portion of the 31st Street Project are now recorded in the Authority's Proprietary Fund.
- During fiscal year 2006, the Authority reported two land sales within its corporate parks totaling \$1.25 million. The sales, totaling 14.84 acres, included one parcel in Corporate Landing Business Park and one parcel in Oceana West Corporate Park. In addition, the Authority also sold 2.7 acres of land in Town Center for \$1.61 million. The cost of the Town Center land sold was equal to its sale price of \$1.61 million. These transactions were accounted for in the Authority's Proprietary Fund.
- In fiscal year 2005, the Authority acted as the conduit issuer for \$94.90 million in Series 2005A Public Facility Revenue Bonds and \$9.00 million in Series 2005B Public Facility Revenue Bonds, at the request of the City of Virginia Beach. The portion attributable to the Authority, \$26.05 million, was used to finance the 9th Street Garage (\$9.22 million) and part of the 31st Street Project (\$12.91 million) in fiscal year 2005. The remainder of the bonds was used to finance part of the Block 10 Parking Garage (\$3.92 million) located in Town Center in fiscal year 2006. A premium on the bonds in the amount of \$.59 million was used to finance the 9th Street Garage and a premium of \$.17 million was used to finance part of the Block 10 Parking Garage.

Management's Discussion and Analysis

OVERVIEW OF THE FINANCIAL STATEMENTS

The financial section of this annual report consists of three parts: management's discussion and analysis (this section), the basic financial statements and the notes to financial statements, and other supplemental information.

In the past, the primary focus for local government financial statements has been summarized by fund type information on a current financial resource basis. This approach has been modified and the Authority financial statements now present two types of statements, each with a different snapshot of the Authority's finances. The new focus is on both the Authority as a whole (entitywide) as well as on the individual funds. The entity-wide financial statements provide both long-term and short-term information about the Authority's overall financial status. The fund financial statements, which have been provided in the past, focus on the individual parts of the Authority, reporting the Authority's operations in more detail than the entity-wide statements. Both perspectives (entity-wide and fund) allow the user to address relevant questions, broaden the basis for comparison (year-to-year or entity-to-entity) and enhance the Authority's accountability.

ENTITY-WIDE FINANCIAL STATEMENTS

The entity-wide financial statements report information about the Authority as a whole using accounting methods similar to those used by private-sector companies. The focus of the Statement of Net Assets (the "Unrestricted Net Assets") is to report the entity's net assets and how they have changed. Net assets – the difference between assets and liabilities – is one way to measure the Authority's financial health, or financial position. Over time, increases or decreases in an entity's net assets are an indicator of whether its financial health is improving or deteriorating, respectively.

The Statement of Activities is focused on both the gross and net cost of various functions (governmental and business-type), which are supported by program revenues. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid. This statement summarizes and simplifies the user's analysis of the cost of governmental activities and/or subsidy to business-type activities.

In the Statement of Net Assets and the Statement of Activities, the Authority is divided into the following:

<u>Governmental activities</u> – The Authority's special projects are reported here. These activities consist of various economic development projects as requested by the Council of the City of Virginia Beach.

<u>Business-type activities</u> – The Authority's basic operations are reported here as the Authority charges a fee to customers to help cover the cost of certain services it provides.

FUND FINANCIAL STATEMENTS

The fund financial statements provide more detailed information about the Authority's significant funds – not the Authority as a whole. Funds are accounting devices that the Authority uses to keep track of specific sources of funding and spending for particular purposes.

Component Unit of the City of Virginia Beach, Virginia

Management's Discussion and Analysis

The Authority has two types of funds:

<u>Governmental fund</u> – The Special Projects Fund is used to account for the financial resources for the acquisition or construction of ongoing construction projects conducted on behalf of the City of Virginia Beach (the City).

<u>Proprietary fund</u> – The Authority Operations Fund accounts for the activities of the Authority which charges fees for Industrial Revenue Bonds, acquires, develops and resells land, and administers the Economic Development Investment Program (EDIP).

FINANCIAL ANALYSIS OF THE AUTHORITY AS A WHOLE

Net Assets:

The following table reflects the condensed Net Assets of the Authority:

Table 1 Net Assets as of June 30, 2006, 2005, and 2004 (in millions)

		Govern	mental Act	tivities	Busine	ss-type Acti	vities		Total	
	-	2006	2005	2004	2006	2005	2004	2006	2005	2004
Current and other assets	\$	0.89	0.54	0.34	25.46	35.21	41.25	26.35	35.75	41.59
Capital assets		0.06	0.03	12.97	83.79	73.39	36.24	83.85	73.42	49.21
Total Assets		0.95	0.57	13.31	109.25	108.60	77.49	110.20	109.17	90.80
0 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1		0.04	0.50	0.20	7.51	9.44	6,74	8.35	9.94	7.04
Current and other liabilities		0.84	0.50	0.30					75.67	52.30
Long-term liabilities					77.68	75.67	52.30	77.68		
Total liabilities		0.84	0.50	0.30	85.19	85.11	59.04	86.03	85.61	59.34
Net assets:										
Invested in capital assets,										
net of related debt		0.06	0.03	12.97	5.11	5.14	0.11	5.17	5.17	13.08
Restricted - other purposes		-	-	-	3.69	2.55	1.80	3.69	2.55	1.80
Unrestricted		0.05	0.04	0.04	15.26	15.80	16.54	15.31	15.84	16.58
Total net assets	\$	0.11	0.07	13.01	24.06	23.49	18.45	24.17	23.56	31.46

At June 30, 2006 and 2005, the total assets of the Authority were \$110.20 and \$109.17 million, respectively; total liabilities were \$86.03 and \$85.61 million, respectively, while combined net assets were \$24.17 and \$23.56 million, respectively.

Current and other assets in the form of receivables decreased while capital assets and land increased due to the purchase of the Block 10 Parking Garage. Long-term liabilities due to the City of Virginia Beach increased by \$4.06 million due to the reimbursement of management fees and the purchase of the Block 10 Parking Garage. The Authority will repay this liability through future public facility revenue bond issuances.

Net assets slightly increased due to revenues from charges for services, grants, and contributions exceeding operating expenses and infrastructure transfers.

Component Unit of the City of Virginia Beach, Virginia

Management's Discussion and Analysis

The Authority incurred capital expenses in the amount of \$0.86 million in fiscal year 2006 and \$24.81 million in fiscal year 2005 as a result of costs associated with ongoing projects. During fiscal year 2006 and 2005, capital assets in the amount of \$0.72 million and \$35.98 million were transferred to the City and capital assets in the amount of \$0.10 million and \$1.77 million were transferred to the Authority's Proprietary Fund. These transfers resulted in an ending construction in progress balance of \$0.06 million and \$0.03 million, respectively, in fiscal year 2006 and 2005. The large asset transfer in fiscal year 2005 was mainly due to the completion and transfer of the 31st Street Project.

Changes in Net Assets:

The following chart shows the revenue and expenses for the current and prior fiscal years:

REVENUES

Revenues attributable to governmental activities were in the form of contributions, for economic development projects, from the City of Virginia Beach and investment earnings. For the fiscal years ended June 30, 2006 and 2005, revenues from business-type activities totaled \$8.55 million and \$10.91 million, respectively. This included revenue derived from land sales, industrial revenue bond fees, lease income, investment earnings, and support agreement funding from the City of Virginia Beach.

Component Unit of the City of Virginia Beach, Virginia

Management's Discussion and Analysis

EXPENSES

For the fiscal years ended June 30, 2006 and 2005, expenses totaling \$0.82 million and \$37.75 million, respectively, were transferred to the City of Virginia Beach and to the Authority's Proprietary Fund. These capitalized development expenses were related to Town Center infrastructure and the 31st Street Project.

The expenses of the business-type activities included cost of land sold, depreciation/amortization, selling and administrative expenses, and interest on outstanding debt obligations. For the fiscal years ended June 30, 2006 and 2005, these expenses totaled \$7.98 and \$5.87 million, respectively.

FINANCIAL ANALYSIS OF THE AUTHORITY'S FUNDS

The Authority's governmental fund reflects a fund balance of \$0.05 million and \$0.04 million at June 30 2006 and 2005, respectively. The June 30, 2006 and 2005 increases in fund balance of \$4,610 and \$4,467, respectively, are primarily the result of interest income associated with a security deposit held on the TPC Golf Course. The activities reflect support from the City of Virginia Beach as well as expenditures on Town Center infrastructure totaling \$0.86 million in fiscal year 2006.

The proprietary fund includes total net assets of \$24.06 million and \$23.49 million at June 30, 2006 and 2005, respectively. The June 30, 2006 increase in net assets was attributable to revenues from charges for services, grants, and contributions exceeding operating expenses and the transfer of Town Center Plaza capitalized costs from the Authority's Special Projects Fund. In fiscal year 2005, the increase in net assets was attributable to an increase in nonoperating revenue from the City of Virginia Beach and the transfer of the Town Center Plaza from the Special Projects Fund. In 2006 and 2005, operating revenues from land sales, industrial revenue bond fees, lease income, and miscellaneous revenue totaled \$3.75 and \$2.95 million, respectively, while operating expenses for cost of land and selling and administrative expenses totaled \$4.65 and \$3.01 million, respectively.

CAPITAL ASSETS AND DEBT ADMINISTRATION

CAPITAL ASSETS

As of June 30, 2006 and 2005, the Authority had invested \$83.85 million and \$73.42 million (see note 5), respectively, in various capital assets and infrastructure as reflected in the schedule. In 2006, this represents a net increase of \$10.43 million, while 2005 reflects a net increase of \$24.21 million from the beginning of the fiscal year.

Component Unit of the City of Virginia Beach, Virginia

Management's Discussion and Analysis

Total net capital assets	\$	0.06	0.03	12.98	83.79	73.39	36.23	83.85	73.42	49.21

Major capital asset additions in fiscal year 2006 included:

- Town Center Project Phase I, II, and III infrastructure construction including streets, curbs and gutters, sidewalks, underground utilities, and other capitalized costs; and construction of a public plaza \$859,705.
- Town Center Block 10 The purchase of the Block 10 Parking Garage located in Town Center on December 29, 2005 \$13,616,672.

Major capital asset additions in fiscal year 2005 included:

- Town Center Project Phase II infrastructure construction including streets, curbs and gutters, sidewalks, and underground utilities; and construction of a public plaza \$2,596,118.
- Town Center Block 12 The purchase of part of the Block 12 Parking Garage located in Town Center on July 19, 2004 \$4,465,983.
- Town Center Block 12 Retail Space The purchase of the Block 12 retail space located in Town Center on October 29, 2004 \$1,558,179.
- 9th Street Garage The purchase of the 9th Street Garage on March 31, 2005 \$9,750,000.
- 31st Street Project Capital asset addition reflected in the Authority's business-type activities \$20,357,500.

Major capital asset disposals and transfers during fiscal year 2005 included:

• 31st Street Project – Expenses associated with the acquisition of property for and construction of a public parking facility. The project was a public/private investment involving the City of Virginia Beach, the Development Authority, and a private investor. The City-owned portion of the \$33.10 million asset was removed from the Authority's financial statements and added to the City's capital assets.

Component Unit of the City of Virginia Beach, Virginia

Management's Discussion and Analysis

LONG-TERM DEBT

At June 30, 2006, the Authority had an outstanding loan balance due to the City of Virginia Beach in the amount of \$5.59 million related to the 31st Street land and corporate parks. During fiscal year 2006, 20% of the net proceeds from land sales (\$.25 million) within Corporate Landing and Oceana West were distributed to the City to reduce the outstanding debt balance.

In fiscal year 2005, the Authority acted as the conduit issuer for \$94.90 million in Series 2005A Public Facility Revenue Bonds and \$9.00 million in Series 2005B Taxable Public Facility Revenue Bonds, at the request of the City of Virginia Beach. The Series 2005A bonds will mature incrementally between 2006 and 2025 and the Series 2005B will mature incrementally between 2006 and 2025. These bonds have financed or will finance various public facilities, including: the replacement of the Pavilion Theater and the Convention Center, construction of a parking facility for the Virginia Aquarium and Marine Science Center, Open Space site acquisition, construction of an Emergency Communications Operations Center, construction of the 31st Street Parking Garage, acquisition of Town Center's Block 10 Parking Garage and the 9th Street Garage, and various City equipment and software. The bonds are a limited obligation of the Authority, payable solely from payments made by the City of Virginia Beach, pursuant to a Support Agreement between the City and the Authority. The portion attributable to the Town Center Block 10 Parking Garage (\$3.92 million), the 9th Street Parking Garage (\$9.22 million), and part of the 31st Street Project (\$12.92 million) is presented in the Authority's business-type activity statements, since that part of the bond issue is for Authority owned assets. The remainder of the bond issue is for City owned assets, and thus, not reflected in the Authority's financial statements. The Series 2005A Bonds' interest rates range from 4.0% to 5.0% and the Series 2005B Bonds' interest rates range from 4.75% to 5.0%. For additional analysis related to longterm debt activities of the Authority, see note 7.

In December of 2005, the Authority purchased the Block 10 Parking Garage in Town Center for \$13.62 million. The Authority used the remaining bond proceeds from the 2003 and 2005 Public Facility Revenue Bonds in the amount of \$9.61 million as well as a contribution from the City of Virginia Beach in the amount of \$4.01 million to acquire the Parking Garage. During fiscal year 2006, the Authority also incurred \$0.06 million of project management expenses that were reimbursed by the City of Virginia Beach. These contributions from the City of Virginia Beach are now a long-term payable on the Authority's books, which will be repaid when the Authority issues additional Public Facility Revenue Bonds.

ECONOMIC FACTORS

In fiscal year 2006, the Authority located new business and retained and expanded existing industry, continued construction of the Town Center of Virginia Beach, leveraged the City's Economic Development Investment Program Fund, and authorized Industrial Development Revenue Bond activity.

During fiscal year 2006, the Authority assisted in the location of 40 new companies and the expansion and retention of 46 existing businesses that created new capital investment in excess of \$148 million. These companies and businesses created and retained over 2,100 employment opportunities in Virginia Beach. The Authority authorized issuance of \$82.00 million in industrial revenue bonds and provided EDIP assistance in the amount of \$1.88 million during fiscal year 2006.

Component Unit of the City of Virginia Beach, Virginia

Management's Discussion and Analysis

The Authority's primary business parks had a considerable amount of the activity in fiscal year 2006. Within these major business/industrial parks, 15 new businesses located and 20 existing Virginia Beach companies expanded or retained their operations.

Development in Town Center continued in Phases I, II, and III. Phase I construction included the 21-story, 254,000 square-foot, Class "A" Town Center office tower, 93,000 square feet of additional office and retail space, the 176-room Hilton Garden Inn Hotel, the Towne Bank Building, and a 1,284-space structured parking garage. Phase II included the 90,000 square-foot Dick's Sporting Goods retail location, the 341-unit upscale apartment building ("The Cosmopolitan"), 232,500 square feet of retail and office space, and two structured parking garages with a total of 1,430 parking spaces. Phase III includes a new, 37-story, 236-room, 4-Star Westin Hotel with 25,000 square feet of conference facilities and 119 luxury condominiums, 35,000 square feet of high-end retail space, and a structured parking garage with 947 parking spaces. Phase III also includes the construction of the exquisite 84,000 square-foot, 1,200-seat, Sandler Performing Arts Center. Completion of Phase III is scheduled for Summer 2007.

The Authority, at its annual workshop on January 10, 2006, established the following areas to strategically focus the board's resources in the upcoming year: (1) Strategic Growth Areas (Land); (2) Finance/Incentives; (3) Marketing; (4) City Council; and the (5) Permitting Process.

CONTACTING THE AUTHORITY'S FINANCIAL MANAGEMENT

This financial report is designed to provide users (citizens, taxpayers, customers, clients, investors and creditors) with a general overview of the Authority's finances and to demonstrate the Authority's accountability for the funds it receives. Questions concerning this report or requests for additional information should be directed to Director of Economic Development, Virginia Beach Development Authority, 222 Central Park Avenue, Suite 1000, Virginia Beach, VA 23462, telephone (757) 385-6464, or visit the Authority's website at vbgov.com/dept/econdev.

Notes to Financial Statements

June 30, 2006 and 2005

(1) Summary of Significant Accounting Policies

Narrative Profile

The City of Virginia Beach (the City) Development Authority (the Authority) was established by an act of the Virginia General Assembly in 1964 to facilitate expansion of the City's tax base through increased business investment and to create employment opportunities within the City. A commission composed of eleven commissioners appointed by the Virginia Beach City Council governs the Authority.

The Authority is considered a component unit of the City for reporting purposes and, as such, will be a discretely presented component unit in the Comprehensive Annual Financial Report of the City of Virginia Beach. Future funding and ongoing cash flows of the Authority are dependent on the City.

In evaluating how to define the Authority, for financial reporting purposes, management has determined that there are no entities over which the Authority exercises significant influence. Significant influence or accountability is based primarily on operational or financial relationships with the Authority. Since the Authority does not exercise significant influence or accountability over other entities, it has no component units.

The financial statements of the Authority have been prepared in conformity with accounting principles generally accepted in the United States of America, as specified by the Governmental Accounting Standards Board (GASB). The more significant of the Authority's accounting policies are described below.

The Authority assists in the business/industry location and retention process by acquiring, developing and reselling land, issuing Industrial Revenue Bonds, and administering the Economic Development Investment Program (EDIP). Beginning in 1995, the Authority's mission was expanded to include facilitating economic development projects for the City in order to contribute to the City's economic growth and financial health. This facilitation has been in the structuring of public-private partnerships between the City and private entities.

(a) Basis of Financial Reporting

In June 1999, the GASB issued statement No. 34, *Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments*. This statement known as the "Reporting Model," affects the way the Authority prepares and presents financial information.

GASB Statement No. 34 established new requirements and a new reporting model for the annual financial reports of state and local governments. The Statement was developed to make annual reports easier to understand and more useful to the people who use governmental financial information to make decisions and includes:

Management's Discussion and Analysis – GASB Statement No. 34 requires that financial statements be accompanied by a narrative introduction and analytical overview of the government's financial activities in the form of "management's discussion and analysis" (MD&A). This analysis is similar to analysis the private sector provides in their annual reports.

Component Unit of the City of Virginia Beach, Virginia

Notes to Financial Statements

June 30, 2006 and 2005

<u>Entity-Wide Financial Statements</u> – The reporting model includes financial statements prepared using full accrual accounting for all of the government's activities. This approach includes not just current assets and liabilities (such as cash and accounts payable) but also capital assets and long-term liabilities (such as buildings and infrastructure, including bridges and roads, and general obligation debt). Accrual accounting also reports all of the revenues and costs of providing services each year, not just those received or paid in the current year or soon thereafter.

Statement of Net Assets – The Statement of Net Assets is designed to display the financial position of the Authority (government and business-type activities). Governments report all capital assets, including infrastructure, in the government-wide statement of net assets and report depreciation expense – the cost of "using up" capital assets – in the statement of activities. The net assets of a government will be broken down into three categories: 1) invested in capital assets, net of related debt; 2) restricted; and 3) unrestricted.

<u>Statement of Activities</u> – The government-wide Statement of Activities reports expenses and revenues in a format that focuses on the cost of each of the government's functions. The expense of individual functions is compared to the revenues generated directly by the function (for instance, through user charges or intergovernmental grants).

(b) Entity-Wide and Fund Financial Statements

The basic financial statements include both entity-wide (based upon the Authority as a whole) and fund financial statements. While the previous model emphasized fund types (the total of all funds of a particular type), in the new reporting model the focus is on either the Authority as a whole or major individual funds (within the fund financial statements). Both the entity-wide and fund financial statements (within the basic financial statements) categorize primary activities as either governmental or business type. In the entity-wide statement of net assets, both the governmental and business-type activities columns are reflected on a full accrual, and economic resources basis, which incorporates long-term assets and receivables as well as long-term debt and obligations. As a general rule, the effect of interfund activity has been eliminated from the entity-wide financial statements. The restricted cash and cash equivalents is used for specific purposes and capital projects. When both restricted and unrestricted resources are available for use, it is the Authority's policy to use restricted resources first, then unrestricted resources as they are needed.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. The program revenues must be directly associated with the function or a business-type activity. Program revenues include: 1) charges to customers or applicants who purchase, use or directly benefit from goods, services, or privileges provided by a given function or segment; and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. The Authority does not allocate indirect expenses.

(c) Basis of Accounting

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. All governmental funds are accounted for using the current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet in the fund statements. Long-term assets and long-term liabilities are included in

Component Unit of the City of Virginia Beach, Virginia

Notes to Financial Statements

June 30, 2006 and 2005

the entity-wide statements. Operating statements of the governmental funds present increases (i.e., revenues and other financing sources) and decreases (i.e., expenditures and other financing uses) in net current assets.

The entity-wide Statement of Net Assets, Statement of Activities, and Proprietary Fund statements are accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities associated with the operation of these activities are included on the statement of net assets. Operating statements present increases (e.g., revenues) and decreases (e.g., expenses) in net total assets.

The statement of net assets, statement of activities, and financial statements of the Proprietary Fund are presented on the accrual basis of accounting. Under this method of accounting, revenues are recognized when earned and expenses are recorded when liabilities are incurred without regard to receipt or disbursement of cash. Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Authority Operations fund include the sale of land within Authority corporate parks, administrative fees for the issuance of Industrial Revenue Bonds, and lease income. Operating expenses include the cost of land sold, selling and administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses. When both restricted and unrestricted assets are available for use, it is the Authority's policy to apply restricted assets first, then unrestricted assets as needed.

The fund financial statements of the Special Projects Fund are maintained and reported on the modified accrual basis of accounting using the current financial resources measurement focus. Under this method of accounting, revenues are recognized in the period in which they become measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Authority considers the revenues to be available if they are collected within 45 days of year-end. Expenditures, other than accrued interest on long-term debt, are recorded when the fund liability is incurred.

The Authority reports the following major governmental fund:

The **Special Projects Fund** is used to account for the financial resources for the acquisition or construction of ongoing economic development projects conducted on behalf of the City.

The Authority reports the following major proprietary fund:

The **Authority Operations Fund** accounts for the activities of the Authority which charges fees for Industrial Revenue Bonds, acquires, develops, and resells land, and administers the EDIP.

In accordance with GASB Statement No. 20, Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities that use Proprietary Fund Accounting (Statement No. 20), the Authority Operations fund follows all applicable GASB pronouncements as well as all Financial Accounting Standards Board (FASB) pronouncements and predecessor APB Opinions and

Component Unit of the City of Virginia Beach, Virginia

Notes to Financial Statements

June 30, 2006 and 2005

Accounting Research Bulletins (ARB) issued on or before November 30, 1989. Under paragraph 7 of GASB Statement No. 20, the Authority has elected not to apply FASB pronouncements issued after November 30, 1989.

(d) Capital Assets

All capital assets are stated at cost. Capital assets are defined as assets with initial, individual costs exceeding a \$5,000 threshold. Depreciation is computed on the straight-line method over the following estimated useful lives:

Buildings 40 years Improvements 5-10 years Equipment 5-10 years

A full month's depreciation is taken in the month an asset is placed in service unless otherwise stated. When property and equipment are disposed, depreciation is removed from the respective accounts, and the resulting gain or loss is recorded in the Authority's Proprietary Fund.

Interest costs incurred on the note payable to Wachovia Bank for the acquisition of assets are capitalized. The loan and interest charges associated with the asset are secured by a security agreement provided by a developer, which requires the developer to purchase the asset no later than September 2008.

(e) Land Inventory

Land is stated at acquisition cost plus improvements and capitalized interest, if applicable, but not in excess of net realizable value. Capitalized costs of projects are assigned to individual components of the projects based on specific identification. If specific identification is not practicable, capitalized costs are allocated to each parcel benefited, based on relative fair value before construction. As land is sold, all costs associated with that land are charged to cost of land sold.

(f) Miscellaneous

Cash and Cash Equivalents

The Authority has defined cash and cash equivalents to include cash on hand, demand deposits, and cash with fiscal agents. For purposes of the statement of cash flows, all highly liquid debt instruments and certificates of deposit, regardless of maturity date, are grouped into cash and cash equivalents.

Restricted Cash

Restricted cash includes: 1) funds held for procurement of capital assets; 2) option deposits on land; 3) funds for the EDIP; 4) funds for capital and structural improvements and repairs and maintenance to the Social Services facility; 5) funds from corporate park land sales; and 6) funds from various capital projects.

Component Unit of the City of Virginia Beach, Virginia

Notes to Financial Statements

June 30, 2006 and 2005

Accounts Receivable

Where appropriate, trade receivables are shown net of an allowance for doubtful accounts.

Deferred Charges

The Authority Operations Fund deferred charges represent unamortized bond issuance costs incurred during the sale of Revenue Bonds. These costs are amortized using the straight-line method over the life of the related bonds. At June 30, 2006 and 2005, the unamortized bond issuance costs were \$606,431 and \$650,414, respectively.

Bond Premiums and Discounts

Bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line method, which approximates the effective interest method. Bonds are reported net of the applicable bond premium or discount.

Reclassification

Fiscal year 2005 net assets have been reclassified to correctly reflect the debt associated with the 31st Street land. Unrestricted net assets have increased and net assets invested in capital assets, net of related debt, have decreased by \$4,830,936 as of June 30, 2005.

(2) Cash and Cash Equivalents

The June 30, 2006 bank balance was fully covered by federal depository insurance or collateralized in accordance with the Virginia Security for Public Deposits Act (the Act). Under the Act, banks holding public deposits in excess of the amounts insured by FDIC must pledge collateral in the amount of 50% of excess deposits to a collateral pool in the name of the State Treasury Board. Savings and loan institutions are required to collateralize 100% of deposits in excess of FDIC limits. The State Treasury Board is responsible for monitoring compliance with the collateralization and reporting requirements of the Act and for notifying local governments of compliance by banks and savings and loans. If any member financial institution fails, the entire collateral becomes available to satisfy the claims of the Authority. If the value of the pool's collateral is inadequate to cover a loss, additional amounts would be assessed on a pro-rata basis to the members (banks and savings and loans) of the pool. Therefore, these deposits are considered collateralized and as a result of this are considered insured.

(3) Restricted Cash and Cash Equivalents

The Town Center SunTrust reserve account balances at June 30, 2006 and 2005 were \$68 and \$127, respectively. These funds are proceeds from the June 2002 bond sales that were used to purchase the Town Center Garage (Block 4) upon completion (See note 7).

The EDIP accounts were established in February 1994 through funds that the City appropriated from the Capital Improvement Program EDIP Project for economic development activities. This program represents annual funding from the City to the Authority to be used for on-site and off-site infrastructure needs as well as training expenses for businesses meeting certain criteria. Businesses having received EDIP awards or projects having received EDIP funding are paid or reimbursed for qualifying expenses out of these accounts. EDIP cash and cash equivalents at June 30, 2006 and 2005 were \$2,763,890 and \$1,704,214, respectively.

A City Council Ordinance established the TPC Golf Course Project in May 1997. An appropriation of \$4,225,000, for improvements and infrastructure has been received since the project's inception. In fiscal year 2001, the City appropriated \$725,000 for road improvements. In January 1998, an additional \$100,000 option deposit was also received from PGA Tour Properties for an option to develop a second course on an additional 200 acres adjacent to the current project site. A total of \$4,225,000 has been expended to date. The cash account balances, representing interest and the option deposit, at June 30, 2006 and 2005 were \$ 148,406 and \$143,796, respectively.

The Social Services Facility reserve accounts at June 30, 2006 and 2005 were \$1,002,892 and \$868,587, respectively. These funds are reserved for capital and structural improvements, maintenance, and repairs to the facility in accordance with the lease agreement (See note 8).

Option deposits held in escrow are not available for operations. The deposits are normally applied to the sale price of optioned land if the sale is consummated, or forfeited in the event the option holder elects not to exercise the option. In the event the Authority is unable to satisfy its obligations stated in the option agreements, the option deposits would be fully refundable to the option holder. Option deposits were \$120,000 and \$115,000 in the Authority Operations Fund at June 30, 2006 and 2005, respectively.

Under a February 2003 loan modification agreement between the Authority and the City of Virginia Beach, 20% of the net proceeds from land sales within Corporate Landing Business Park and Oceana West Corporate Park are to be paid to the City to reduce the outstanding note balance, while the remaining 80% is to be used by the Authority to fund its infrastructure requirements and strategic land acquisitions. This modification was retroactive to March 22, 2002 and includes the net proceeds from land sales, which occurred between March 2002 and June 2006. At June 30, 2006 and 2005, 80% of the net proceeds, \$2,680,525 and \$1,680,941, respectively, attributable to the sale of property were reserved.

Restricted cash at June 30, 2006 and 2005 included \$422 and \$17,422 of unexpended loan proceeds from the Town Center property financing. During fiscal year 2006, \$17,000 was used to reduce the principal of the loan used to purchase the Town Center land.

Less allowance for uncollectibles		-	<u>-</u> _	
Accounts receivable, net	\$	23,332	14,231,863	14,255,195

On June 30, 2005, the receivable due from the City of Virginia Beach included the remaining portion of \$11.8 million of bond proceeds from the sale of Public Facility Revenue Bonds in September 2003 as well as \$3.9 million of bond proceeds from the sale of Public Facility Revenue Bonds in May 2005. These remaining bond proceeds were used to purchase the part of the Block 10 Parking Garage located in Town Center during fiscal year 2006, thereby eliminating the receivable balance.

Capital Assets, Net	\$	36,236,409	38,177,733	(1,024,913)	73,389,229

At June 30, 2006 and 2005, depreciation expense related to capital assets was \$1,861,155 and \$1,021,397, respectively, and charged to the Authority's Operations Fund.

In fiscal year 2005, the Authority reclassified land valued in the amount of \$4,872,645 that is located on Atlantic Avenue and 31st Street in Virginia Beach. The land, which was part of the Authority's land inventory in prior years, is now classified as a capital asset on the Authority's books. This reclassification occurred because the land is now under a 99-year lease and not available for sale to other parties.

In fiscal year 2006, assets in the amount of \$728,575 located in Town Center were completed and transferred to the City of Virginia Beach and assets in the amount of \$96,681 located in Town Center were transferred from the Authority's Special Projects Fund to the Authority's Proprietary Fund. In addition to these transfers, reimbursements in the amount of \$63,700 also reduced the construction in progress balance during the fiscal year.

(7) Long-Term Debt

(a) Revenue Bonds

The Authority issues revenues bonds from time to time for the purpose of financing capital improvements and new projects. In February 1998, the Authority issued \$9,800,000 of Series 1998 Lease Revenue Bonds. The purpose of the bonds was to purchase a new building (Social Services Facility) from the City of Virginia Beach. The Series 1998 Lease Revenue Bonds' interest rates ranged from 4.3% to 5.0%. The principal is paid annually and interest is paid semi-annually with rental payments received from the City (see note 8) with final payment due December 2017.

In June 2002, the Authority issued two series of Public Facility Revenue Bonds totaling \$23,855,000. Series 2002A Public Facility Revenue Bonds were issued in the amount of \$20,815,000, while Series 2002B Taxable Public Facility Revenue Bonds were issued in the amount of \$3,040,000. The purpose of the Series 2002 Bonds was to finance the acquisition of a public parking facility and the land for a public plaza in the Town Center development in the City. The Bonds' interest rates ranged from 4.0% to 5.375% for Series 2002A and 4.57% to 5.75% for Series 2002B. The principal and interest is paid annually with payments received from the City pursuant to a support agreement dated June 1, 2002. The final payments on Series 2002A and 2002B are due August 2022 and August 2012.

In September 2003, the Authority acted as the conduit issuer for \$165,000,000 in Public Facility Revenue Bonds, at the request of the City of Virginia Beach. The purpose of this funding was to finance various public facilities, including the replacement of the Pavilion Theater and the Convention Center, construction of a parking facility for the Virginia Aquarium and Marine Science Center, Open Space site acquisition, construction of an Emergency Communications Operation Center, construction of the 31st Street Parking Garage, construction of the Town Center's Blocks 10 and 12 Parking Garages, and various City equipment and software. The portion attributable to the Town Center Block 10 and 12 Parking Garages, \$11,800,000, is presented in the business-type activity statements. The Bonds' interest rates ranged from 3.0% to 5.25%, and the final payment is due December 2023.

In May of 2005, the Authority acted as the conduit issuer for \$94,900,000 in Series 2005A Public Facility Revenue Bonds and \$9,000,000 in Series 2005B Taxable Public Facility Revenue Bonds at the request of the City of Virginia Beach. The Authority's financial statements only reflect \$17,050,000 in Series 2005A Public Facility Revenue Bonds and \$9,000,000 in Series 2005B Taxable Public Facility Revenue Bonds. In fiscal year 2005, \$22,130,000 in bond proceeds were used to purchase a portion of the 31st Street Project and the 9th Street Garage. In fiscal year 2006, the Authority used the remaining bond proceeds in the amount of \$3,920,000 as well as a premium in the amount of \$167,983 to purchase part of the Block 10 Parking Garage located in Town Center. The City's share of the bond proceeds are being used to finance various public facilities, including the replacement of the Pavilion Theater and the Convention Center, construction of a parking facility for the Virginia Aquarium and Marine Science Center, Open Space site acquisition, construction of an Emergency Communications Operation Center, and various City equipment and software. The Authority and the City entered into support agreements, dated September 1, 2003 and September 15, 2005, whereby the City supports all Authority financial obligations (principal and interest payments) with regard to the bonds. The source of the City's support for the Town Center

Component Unit of the City of Virginia Beach, Virginia

Notes to Financial Statements

June 30, 2006 and 2005

Public Parking Garage portion of these issues is the CBD-South Tax Increment Financing District. The Authority's bond proceeds are presented in the business-type activity statements. The Bonds' interest rates ranged from 4.0% to 5.0% for Series 2005A and 4.75% to 5.0% for Series 2005B. The final payments on Series 2005A and 2005B are due May 2025.

(b) Notes Payable - Town Center

On March 6, 2000, the Authority and Town Center Associates, L.L.C. entered into an agreement for the development of the Town Center. Financing for the purchase of the land for future phases beyond Phase I of this project was obtained from First Union National Bank/Wachovia in the amount of \$5,500,000. Total advances on this loan may not exceed \$11,135,000, to include accrued interest through December 2006. The loan agreement was signed on June 8, 2000 and calls for semiannual interest payments starting November 30, 2000, with all principal and interest due December 1, 2006. Under the terms of this agreement, the Authority is not required to make any principal or interest payments on this loan until the final due date of December 2006; and the intention is to not make principal or interest payments, except to the extent funds are available from the sale of this land. To date, \$1,015,614 has been added to the original principal of the loan in the form of interest. As of June 30, 2006, the outstanding balance is \$1,167,489. The interest rate is the LIBOR rate plus 0.42%, and the loan is secured by a surety agreement provided by Town Center Associates, L.L.C.

In September of 2005, the Authority approved the Town Center Phase III Development Agreement. Because this agreement specifies that the developer does not have to purchase the remainder of the Town Center land until September of 2008, the due date of the Town Center note payable is being extended until December 2010.

(c) Notes Payable - City of Virginia Beach

On February 25, 2003, the Virginia Beach City Council approved a restructuring proposal for the outstanding debt between the City and the Authority. Under this restructuring, accrued interest in the amount of \$1,235,331 was canceled and the remaining debt was separated into two noninterest bearing notes. Note 1, in the original principal amount of \$4,830,936, is secured by a first lien on the 31st Street property. Note 2, in the original principal amount of \$1,425,201, is secured by a first lien on Corporate Landing and Oceana West Corporate Parks.

The following covenants will be in effect while the loan is outstanding: 1) The Authority will incur no additional debt without City approval; 2) All net proceeds from the sale or ground lease of the 31st Street property will be paid to the City when received; 3) 20% of the net proceeds generated from all land sales in Corporate Landing and Oceana West will be used to reduce the outstanding debt; and 4) The remaining net proceeds (80%) from land sales in Corporate Landing and Oceana West will be used by the Authority to fund its infrastructure requirements and strategic land acquisitions.

The modifications to the outstanding debt were made retroactive to March 22, 2002, the date of the satisfaction of the Bank of America loan. Twenty percent of the net proceeds from all land sales, within Corporate Landing and Oceana West, have been distributed to the City to reduce the outstanding debt balance. As of June 30, 2006, the outstanding debt balance was \$5,586,006.

Component Unit of the City of Virginia Beach, Virginia

Notes to Financial Statements

June 30, 2006 and 2005

(d) Due to City of Virginia Beach

On December 29, 2005, the Block 10 Parking Garage in Town Center was purchased for \$13,616,672. The remaining funds available from Public Facility Revenue Bonds issued in 2003 and 2005 in the amount of \$9,611,003 as well as a contribution from the City in the amount of \$4,005,669 were used to purchase the Parking Garage. This contribution from the City, as well as \$56,133 of contract management fees paid by the City, are now long-term payables due to the City of Virginia Beach. The total payable, in the amount of \$4,061,802, will be repaid with proceeds from future issuances of Public Facility Revenue Bonds.

Amounts

Long-term debt activities for the years ended June 30, 2006 and 2005 were as follows:

Notes to Financial Statements

June 30, 2006 and 2005

The requirements to amortize all long-term bonds and notes payable as of June 30, 2006, including interest payments of \$36,529,136 are summarized as follows:

Fiscal Year	Principal	Interest
2007	\$ 1,780,000	3,333,391
2008	6,384,337	3,251,408
2009	2,768,063	3,157,581
2010	2,590,528	3,044,552
2011	4,062,017	2,919,000
2012-2016	19,190,640	12,296,457
2017-2021	24,402,640	7,137,403
2022-2025	17,327,072	1,389,344
	\$ 78,505,297	36,529,136

(8) Operating Leases

In February 1998, the Authority purchased a new building (Social Services Facility) from the City, which was placed in service on May 1, 1998. The Authority entered into a 20-year operating lease with the City. The City pays basic rent equal to the amounts required to pay the principal and interest of the Lease Revenue Bonds Series 1998 (see note 7) and additional rent equal to one-eighth of one percent of the outstanding principal balance of the bonds. In addition, \$50,000 is paid semi-annually and placed in a reserve to be used as needed for capital and structural improvements, maintenance and repair of the facility (see note 3).

The following schedule shows the composition of the Authority's investment in property under operating leases:

2005

2006

Social Services Facility (including land) Less accumulated depreciation	\$ _	9,497,137 (1,439,007)	9,497,137 (1,264,079)
Net investment on property held for lease	\$ _	8,058,130	8,233,058

Minimum future rental income on operating leases as of June 30, 2006 are as follows: 2007, \$856,731; 2008, \$857,012; 2009, \$861,297; 2010, \$859,086; 2011, \$860,220; 2012-2016, \$4,294,969; 2017-2018, \$1,668,588.

Notes to Financial Statements

June 30, 2006 and 2005

(9) Industrial Revenue Bonds

Periodically, the Authority has issued Industrial Revenue Bonds to provide financial assistance to private-sector entities for the acquisition and construction of industrial and commercial facilities deemed to be in the public interest. The bonds are secured by the property financed and are payable solely from payments received on the underlying mortgage loans. Upon repayment of the bonds, ownership of the acquired facilities transfers to the private-sector entity served by the bond issuance. The Authority is never obligated in any manner for repayment of the bonds. Accordingly, the bonds are not reported as liabilities in the accompanying financial statements.

As of June 30, 2006 and 2005, there were Industrial Revenue Bonds outstanding with an aggregate principal amount payable of \$341,603,606 and \$356,673,817, respectively.

(10) Interest Cost

The Authority capitalizes interest cost related to construction in progress. The following is a summary of interest cost incurred during 2006 and 2005:

	_	2006	2005
Interest cost capitalized	\$	137,174	110,935
Interest cost expensed to income	_	3,337,520	2,342,080
Total interest cost incurred	\$_	3,474,694	2,453,015

(11) Lease Income

Lease income as reflected in the statements of revenues, expenses, and changes in net assets was \$2,008,989 and \$1,490,170, respectively, for the years ended June 30, 2006 and 2005. The following is a detailed list of the revenue earned:

		2006	2005
Social Services facility	\$	860,669	858,833
Sportsplex ground rent		60,000	60,000
Amphitheater rent		335,367	128,291
TPC Gold Course ground rent		76,885	69,863
Beach Quarters Inn		114,000	114,000
Town Center Grage		155,234	126,834
9th Street Garage		406,834	132,349
<u> </u>	\$ _	2,008,989	1,490,170

Component Unit of the City of Virginia Beach, Virginia

Notes to Financial Statements

June 30, 2006 and 2005

(a) Social Services Facility

In 1998, the Authority entered into a 20-year operating lease with the City. The City pays basic rent equal to the amounts required to pay the principal and interest of the Lease Revenue Bonds Series 1998 (see note 8) and additional rent equal to one-eighth of one percent of the outstanding principal balance of the bonds. In addition, \$50,000 is paid semi-annually and placed in a reserve to be used as needed for capital and structural improvements, maintenance, and repair of the facility (see note 3).

(b) Sportsplex Ground Rent

In 1997, the Authority executed a ground lease with the City for the Sportsplex and a stadium operating and use agreement with a private entity. A termination agreement was executed in fiscal year 2001. Under the terms of this agreement, \$300,000 was due to the Authority if a new operator was not found by July 15, 2001. In October 2001, the Authority entered into a five-year joint use agreement with a new operator, for \$60,000 per year to be secured by a \$300,000 letter of credit. When the operator was unable to obtain a letter of credit, the agreement was assigned to another operator with a secured letter of credit. The new operator agreed to pay the Authority \$60,000 per year, however during fiscal year 2005, the rent was not paid in full. In June 2005, a new operator paid the Authority \$17,950 as a partial rental payment; the remainder of the back rent owed to the Authority (\$72,050) was paid to the City in July of 2005. City Council approved the assignment of the remaining term of the lease to a new operator in September of 2005. During fiscal year 2006, the Authority received two \$30,000 rental payments in accordance with the operating and use agreement.

(c) Amphitheater

The Amphitheater Lease Agreement provides that Cellar Door Venues, Inc. (Cellar Door) will pay the Authority rent having three components: ground rent, basic rent, and supplemental rent. Ground rent is the sum of \$120,000 offset and reduced by the total amount of Amphitheater leasehold (real estate) taxes paid to the City during the calendar year. Cellar Door also pays basic rent to the Authority in an amount equal to 10% of adjusted ticket revenues (offset by admissions taxes paid to City), 5% of adjusted sponsorship revenues, and 5% of adjusted parking revenues paid during the year. Minimum basic rent is \$610,000 annually (before reduction of admissions taxes, parking and sponsorship revenues) until the City recovers its investment, after which time the Authority may retain an administrative fee. In addition, Cellar Door is also responsible for the payment of supplemental rent in the amount of \$200,000 every fifth year beginning in December of 2005. Supplemental rent will be paid to the Authority until 2025, or until the City recovers its investment, whichever occurs first. Section 3.2 of the Amphitheater Coordination Agreement provides that the Authority shall remit to the City an amount equal to all rent actually received from Cellar Door under the Lease Agreement. The term of the lease is 30 years.

(d) TPC Golf Course

In 1997, the Authority and TPC of Virginia Beach, L.L.C. (TPC) executed a sublease agreement, which ends in October 2037. The basic rent is offset and reduced by the total amount of taxes paid by TPC or TPC's concessionaires to the City during the calendar year.

Component Unit of the City of Virginia Beach, Virginia

Notes to Financial Statements

June 30, 2006 and 2005

(e) Beach Quarters Inn

In June 2002, as part of the amended and restated 31st Street Project Development Agreement and other documents, the Authority agreed to purchase the property and building improvements, at 300 Atlantic Avenue, known as Beach Quarters Inn. The purchase of this property occurred in October 2002. In addition, the Authority executed a lease agreement with Beach Quarters Inn, L.C. The initial lease term is for one year beginning October 1, 2002 and includes up to nine (9) additional one-year terms. The rent is \$114,000 per annum, paid in equal installments in June, July, and August.

(f) Town Center

As part of the Town Center Phase I Development Agreement, the Authority has the right to lease the Developer up to 178 of the parking spaces in the Town Center Parking Garage (Block 4). The Master Agreement pertaining to this lease arrangement as well as the Authority's right to lease up to 10,196 square feet of vault space located in the Town Center Parking Garage (Block 4) was executed in December 2002.

As part of the Phase II Development Agreement, the Authority has the right to lease the Developer 85 of the parking spaces in the Town Center Parking Garage (Block 10). All revenue collected for the reserved parking spaces and vault space is to be forwarded to the Authority to defray the operating costs of the parking garages.

(g) 9th Street Garage

On March 31, 2005, the Authority used proceeds from Public Facility Revenue Bonds to purchase the 9th Street Parking Garage for \$9,750,000. The garage consists of 664 spaces, however, only 610 spaces are available for public parking. The remaining 54 spaces are under a long-term lease agreement that was signed prior to the Authority's purchase of the Parking Garage.

(12) Advances from City of Virginia Beach

Advances from the City of Virginia Beach represent funds that have been provided, by the City, to the Authority for the construction of capital projects. When construction is complete, the capital asset reverts back to the City. During fiscal year 2006 and 2005, the City had advanced funding for the following capital projects:

31st Street Project – The project is a result of a public/private investment partnership agreement between the City, the Authority, and Thirty-First Street, L.C. In fiscal year 2005, the project was completed and \$30,250,269 of expenses were capitalized and transferred to the City and to the Authority's Proprietary Fund. During fiscal year 2006, the Authority incurred no post-completion costs associated with the project.

Town Center infrastructure – The project is the result of a public/private investment partnership agreement between the City, the Authority, and Town Center Associates, L.L.C. Advances from the City as of June 30, 2006 and 2005 were \$60,072 and \$25,623, respectively. During fiscal year 2006 and 2005, infrastructure assets in the amount of \$728,575 and \$5,730,936 were completed and transferred to the City. Also, Town Center Plaza assets were completed during fiscal year 2006 and 2005 in the amounts of \$96,681 and \$1,765,994, respectively. These assets were then transferred to the Authority's Proprietary Fund.

Component Unit of the City of Virginia Beach, Virginia

Notes to Financial Statements

June 30, 2006 and 2005

The costs for the Town Center project include infrastructure for streets, curbs and gutters, sidewalks and underground utilities. The total funding currently available for Phase I of the project is \$6,385,000, of which \$5,000,000 is funded through the Authority's EDIP program and the City's CIP Program funds \$1,385,000. Funding available for Phase II includes \$4,000,000, funded from the Authority's EDIP program and \$3,700,000 from the City's CIP Program. Funding for Phase III as of June 30, 2006 includes \$1,000,000 funded from the Authority's EDIP program and \$727,000 from the City's CIP program.

Independent Auditors' Report on Internal Control Over Financial Reporting and on Compliance and Other Matters in Accordance With Government Auditing Standards

The Commissioners City of Virginia Beach Development Authority

We have audited the basic financial statements of the City of Virginia Beach Development Authority (the "Authority") as of and for the years ended June 30, 2006 and 2005, and have issued our report thereon dated July 31, 2006. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and the *Specifications for Audits of Authorities, Boards and Commissions*, issued by the Auditor of Public Accounts of the Commonwealth of Virginia.

Internal Control Over Financial Reporting

In planning and performing our audits, we considered the Authority's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinions on the financial statements and not to provide an opinion on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Authority's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audits and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the Commissioners, City Council, Authority, and City management and is not intended to be and should not be used by anyone other than these specified parties.

Cherry, Bekaut . Holland, J. J. P.

Virginia Beach, Virginia July 31, 2006
